

Become a Legacy Society Member

To join our Legacy Society, name the ALS Network as a beneficiary of any amount in your will, trust, or other planned giving vehicle (irrevocable or revocable). After you have named the ALS Network as a beneficiary, notify the ALS Network of your bequest(s) to receive Legacy Society recognition and benefits.

Bequests can be of either a specific dollar amount, personal property, real estate, or percentage of an estate.

For additional information, please visit our website at alsnetwork.org/legacy-society.

Our Mission

To partner with the ALS community as we drive the discovery of prevention strategies, treatments, and cures for ALS; provide access to quality care and connection; and promote initiatives to improve health outcomes.

Legacy Society member*

About Dean

C. Dean Rasmussen (1943 - 2024) was a visionary and transformational leader who turned personal tragedy into a powerful force for change. After the loss of his father to ALS, Dean channeled his grief into more than 35 years of impactful volunteerism, philanthropy, and advocacy in support of the ALS community.

As a dedicated Advisory Trustee of the ALS Network and passionate advocate, Dean and his family worked closely with key ALS Network leaders including Fred Fisher, former President Emeritus, Jim Barber, former chair of the California Advocacy Committee, and Fred Noteware of Noteware Government Relations. Dean helped establish leading ALS public policy programs at the federal and state levels that have generated billions in benefits and crucial funding for ALS research.

About the Legacy Society

The C. Dean Rasmussen Legacy Society honors thoughtful individuals who have chosen to make a meaningful and lasting impact by including the ALS Network in their estate plans.

If you have named the ALS Network as a beneficiary in your will, trust, or other estate plans, it would be our privilege to thank you personally, hear your ALS story, and recognize you as a philanthropic partner and leader in advancing mission-critical work and our shared vision to cure ALS.
